The University Of Montana

Associate of Applied Science, Associate of Arts and Certificate of Applied Science Admission

The Associate of Applied Science and Certificate of Applied Science programs in the College of Technology are designed to lead an individual directly to employment in a specific career. In some instances, particularly in allied health, the degree is a prerequisite for taking a licensing examination. The College of Arts and Sciences offers a Bachelor of Applied Science degree for students who have completed the Associate of Applied Science degree. The Associate of Arts degree typically prepares students to transfer to other programs.
